

LOWER GWYNEDD TOWNSHIP BOARD OF SUPERVISORS REGULAR PUBLIC MEETING

Tuesday, April 30, 2024, 7:00 p.m.

To join the meeting via Zoom:

<https://us02web.zoom.us/j/84142648976?pwd=R0Qwc1lBcEpQdWZEU0dKYTZjd29BUT09>

Call #: 1-646-876-9923

Meeting ID: 841 4264 8976 Passcode: 817622

CALL TO ORDER AND PLEDGE OF ALLEGIANCE

ANNOUNCEMENTS

The Board of Supervisors met in executive session prior to tonight's meeting to discuss matters of real estate and litigation

PUBLIC COMMENTS

Citizen comments, concerns, questions for items not on the agenda
(Comments on agenda items will be taken when those items are discussed by the Board)

GENERAL BUSINESS

1. PRESENTATION: Emergency Management in Lower Gwynedd
 - a. Resolution 2024-16 Approval of updated Emergency Operations Plan
2. PRESENTATION: Stormwater Management Strategic Plan by Township Engineer
3. Review of Financial Report for March 2024
4. Authorization to advertise an amendment to Title IV, Street and Sidewalk Areas, of the Township Code to add regulations regarding driveways, sidewalk and curb construction and repair, and road opening permits and restoration
5. Review of Township Engineer's report for April 2024
6. Review of Traffic Engineer's report for April 2024
7. Approval of Invoice Report
8. Approval of minutes - April 9, 2024

SUPERVISOR LIAISON REPORTS

Questions about Volunteer Commission Meeting Highlights - *and EAC speaker*

STAFF UPDATES

Updates from staff on municipal activities and projects – *Spring House intersection construction*

SUPERVISORS COMMENTS

Comments or questions from the Board of Supervisors – *Penllyn neighborhood meeting,
Brookside Ave neighborhood meeting*

Adjournment

UPCOMING MEETING DATES*

HUMAN RELATIONS COMMISSION	THURS	05/02/2024	7:00 P.M.
BOARD OF SUPERVISORS	TUES	05/14/2024	7:00 P.M.
ENVIRONMENTAL ADVISORY COUNCIL	WED	05/08/2024	7:00 P.M.
ZONING HEARING BOARD	MON	05/13/2024	6:00 P.M.
PARKS AND RECREATION	TUES	05/21/2024	6:00 P.M.
PLANNING COMMISSION	WED	05/15/2024	7:00 P.M.

*Please check the Township website to confirm meeting dates and times.

EMERGENCY OPERATIONS PLAN (EOP)

FOR

LOWER GWYNEDD TOWNSHIP

Montgomery County, Pennsylvania

DISTRIBUTION LIST

The following have received electronic copies of this plan:

COPY #	ORGANIZATION	INDIVIDUAL RECEIVING COPY	DATE
1	Lower Gwynedd Township Board of Supervisors	Danielle A. Duckett Chairperson	
2	Lower Gwynedd Township Board of Supervisors	Michael Twersky Vice Chair	
3	Lower Gwynedd Township Board of Supervisors	Tessie McNeely Member	
4	Lower Gwynedd Township Board of Supervisors	Janine Martin Member	
5	Lower Gwynedd Township Board of Supervisors	Jimmy Chong Member	
6	Lower Gwynedd Township	Mimi Gleason Township Manager	
7	Lower Gwynedd Township	Al Comly Fire Marshal	
8	Lower Gwynedd Township Police Department	Paul D. Kenny Chief	
9	Wissahickon Fire Company	Jay Leadbeater Chief	
10	North Penn Volunteer Fire Company	Matthew J Traynor Chief	
11	Community Ambulance Association of Ambler	Daniel Azeff Chief	
12	Montgomery County Department of Public Safety	Jason Wilson Deputy Director - Emergency Management	

I. PURPOSE AND SCOPE

The purpose of this plan (the “**Plan**”) is to prescribe those activities to be taken by the government of Lower Gwynedd Township (the “**Township**”) and other community officials to protect the lives and property of Township residents and businesses in the event of a natural or human-caused emergency or disaster, including terrorism, and to satisfy the Pennsylvania Emergency Management Services Code, (35 Pa. C.S. Section 7101 et seq., as amended), which requires the Township to have a disaster emergency management plan. The Plan consists of: a Basic Plan, which describes principles and doctrine; a Notification and Resource Manual, which provides listings and means of contacting local and needed resources; and a series of functional checklists which provide detail for the accomplishment of the specifics of the operation.

The scope of the Plan includes all activities in the entire emergency management cycle, including prevention, preparedness, response, and recovery phases. The Plan is applicable to all response organizations acting for or on behalf of the Township government, residents, and businesses within the Township. This Plan may be augmented by incident-specific plans if necessary to more efficiently cope with special requirements presented by specific hazards. Such plans are listed in Appendix C.

II. SITUATION AND ASSUMPTIONS

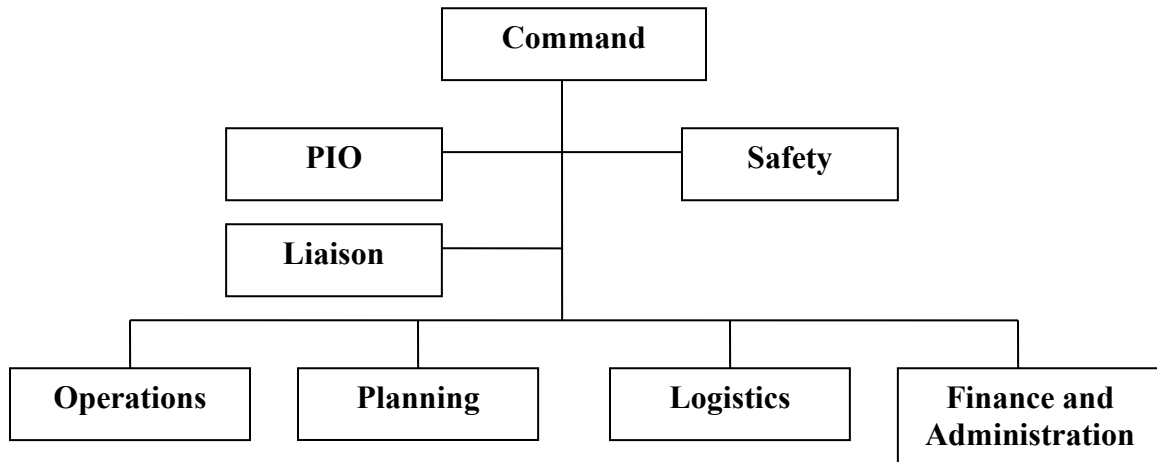

- A. The Township is located in Montgomery County, Pennsylvania. The Township’s population is approximately 12,200 (July 2022 US Census Population Estimate).
- B. Identified special facilities (“**Special Facilities**”, e.g., Schools, Health Care Facilities, Childcare Centers, etc.) are indicated in the Notification and Resource Manual (NARM) section of this Plan.
- C. The Township is subject to a variety of hazards. The most likely and damaging of these are flooding and associated storm damage, typically arising from severe weather events.
- D. Historically, certain geographic areas of the Township are more vulnerable to the effects of these hazards. These are areas of the Township that lie within FEMA-designated floodplains and floodways.
- E. Training, response checklists and other accompanying documents are based on the statements in 2 A., B., C. and D. of this Plan.
- F. Adjacent municipal and other governments will render assistance in accordance with the provisions of written intergovernmental and mutual aid support agreements in place at the time of an emergency.
- G. When Township resources are fully committed and mutual aid from surrounding jurisdictions is exhausted, the Montgomery County Department of Public Safety is available to coordinate assistance and help satisfy unmet needs. The County can request assistance from adjacent counties, its Regional Task Force (RTF), and from the Commonwealth of Pennsylvania.

Ultimately, the Commonwealth can ask the federal government for assistance in dealing with a major disaster or emergency.

- H. In the event of an evacuation of all or a part of the Township, the majority of the evacuees will utilize their own transportation resources. Additionally, evacuees will also transport their own pets, companion, or service animals. Those evacuees with livestock or other farm animals will take appropriate measures to safeguard the animals via sheltering or evacuation as appropriate. Some evacuees will need to be transported from the identified affected area(s) to safe havens. Depending upon the hazard factors, the host areas may be located within or outside the Township.
- I. Special Facilities will develop, coordinate, and furnish emergency plans to the emergency management organization of this municipality, the county and state departments and agencies as applicable and required by codes, laws, regulations, or requirements.
- J. Any regulated facility, SARA (Superfund Amendments and Reauthorization Act) site, power plant, etc. posing a specific hazard will develop, coordinate, and furnish emergency plans and procedures to local, county and state departments and agencies as applicable, and as required by codes, laws, regulations, or requirements.
- K. Whenever warranted, local elected officials (“**Elected Officials**”) will declare a Township emergency in accordance with the Pennsylvania Emergency Management Services Code (35 Pa.C.S, § 7501) (“**PEMSC**”). Also, in the event of any emergency requiring protective actions (evacuation or sheltering), Elected Officials will request that Montgomery County communicate the information to residents and businesses by appropriate means, including the Emergency Alert System (EAS), Wireless Emergency Alerts, or other technologies. The Township will directly inform residents and businesses via ReadyMontco, the Township’s website, social media, and email notification services.
- L. Emergency shelters will be activated by the Montgomery County Department of Public Safety using public schools or public colleges / universities (as provided for by the PEMSC) or other designated shelters. Shelters will be operated by Volunteer Organizations Active in Disasters (“**VOAD**”) such as the American Red Cross. Shelter operators will provide basic necessities including food, clothing, lodging, basic medical care, and maintain a registration of those housed in the shelter.
- M. Critical facilities such as hospitals and extended care facilities should maintain some level of emergency power and alternate energy sources available to accommodate for situations involving the loss of commercial power or other energy sources.

III. CONCEPT OF OPERATIONS/CONTINUITY OF GOVERNMENT

- A. Elected Officials are ultimately responsible for the protection of lives and property and will direct Township staff to exercise supervision and control over the four phases (prevention, preparedness, response, and recovery) of Township emergency management activities.
- B. The local Emergency Management Coordinator (“**EMC**”), in conjunction with the Township Manager, shall act on behalf of the Elected Officials. The Township has designated an Emergency Operations Center (“**EOC**”), which may be activated by the EMC or the Elected Officials during an emergency. In most cases, the Township’s EOC will be activated in a virtual environment, to allow participants to collaborate from a variety of locations. If necessary, a physical EOC may be established at the Township Building or other suitable location.
- C. This Plan embraces an “all-hazards” principle, i.e., that most emergency response functions are similar, regardless of the hazard. The EMC will mobilize resources and personnel as required by the emergency situation.
- D. The EMC and Elected Officials will develop mutual aid agreements with adjacent municipalities for reciprocal emergency assistance as needed.
- E. The Township will embrace and utilize the National Incident Management System (NIMS) and the Incident Command System (see below).

- 1. The Incident Commander (“**IC**”) at the incident site will be trained according to NIMS requirements. In like manner, the EOC staff will also be trained to NIMS requirements.
- 2. The Incident Command System (ICS) should have:
 - a. a manageable span of control (3 to 7 staff; optimum is 5);

- b. personnel accountability (each person reports to only one person in the chain of command); and
 - c. functional positions staffed only when needed (responsibilities for any positions that are not staffed remain with the next higher filled position).
- F. When the EOC is activated, the EMC or the EMC’s designee will coordinate between the site IC and the Montgomery County Department of Public Safety. To ensure consistency with operations at the incident site, the EOC will also follow an incident command structure. The EMC will assume the role of EOC Manager (Command) and, initially, all of the remaining roles. As additional staff arrive at the EOC, the EMC may delegate activities to them.
- G. Availability of staff and operational needs may allow or require positions to be combined, or positions to not be filled (responsibilities held by the next higher position.)
- H. The diagram above aligns Emergency Support Functions (“ESFs”) with ICS Staff sections. This alignment may be modified as required by the disaster situation or the Township’s political or programmatic needs.
- I. Continuity of government procedures are specified in the Elected Officials checklist.
- J. When the EMC receives notice of a potential emergency from the federal Homeland Security Advisory System, from the National Weather Service watches and warnings, or from other reliable sources, the Township will consider partial activation of the EOC in preparation for the emergency.
- K. Communication, Alert and Warning will be provided to the public via the Emergency Alert System (“EAS”) and Wireless Emergency Alerts, via a request to the Montgomery County Department of Public Safety. Other systems may be utilized as available.
- L. During non-emergency periods, information regarding emergency plans and actions to be taken by the public, in the form of public information / education materials, will be provided to the public via municipal newsletters, brochures, publications in telephone directories, municipal websites, etc.
- M. In the event of an evacuation, residents, and businesses (or segments thereof) will evacuate using their own vehicles or be transported from the identified affected area(s) to safe havens. Depending upon the hazard factors, the host areas may be located within or outside the Township.
- N. Evacuees are expected to follow the direction and guidance of emergency workers, traffic coordinators, and other assigned emergency officials. Critical intersections will be staffed by traffic control personnel to facilitate an orderly flow of traffic.
- O. Emergency workers should complete pre-emergency “family plans” addressing such issues as transportation and evacuation locations for immediate family members (partner, spouse, and children).

IV. ASSIGNMENT OF RESPONSIBILITIES

The following roles and responsibilities are the most likely to be needed in preparation for, or responding to, Township emergencies.

A. Command

1. Elected Officials:

- a. Are responsible for establishing a municipal emergency management team;
- b. Provide for continuity of operations;
- c. Establish lines of succession for key positions;
- d. Designate municipal emergency operating centers and alternatives;
- e. Review and approve this EOP in consonance with the Montgomery County Emergency Operations Plan;
- f. Approve funding to equip and staff a municipal emergency management organization and, as necessary, an EOC;
- g. Recommend an EMC for appointment in accordance with the Emergency Management Services Code;
- h. Issue proclamations of disaster emergency and recommend protective actions (evacuation or shelter in-place) if the situation warrants; and
- i. Apply for federal post-disaster funds, as available.
- j. Adopt Montgomery County's hazard mitigation plan and/or establish the Township's own hazard mitigation plan.

2. EOC Manager (EMC):

- a. Prepares and maintains an EOP for the municipality subject to the promulgation of the elected officials; reviews and updates as required;
- b. Maintains coordination with the Montgomery County Department of Public Safety, and provides prompt information on emergencies, as available;
- c. In coordination with the Montgomery County Department of Public Safety, identifies hazards and vulnerabilities that may affect the municipality;
- d. Identifies resources within the municipality that can be used to respond to a major emergency or disaster situation and requests needed resources from mutual aid partners or the Montgomery County Department of Public Safety;
- e. Develops and maintains a trained staff and current emergency response checklists appropriate for the emergency needs and resources of the community;
- f. Mobilizes the EOC and acts as or delegates the Command function within the EOC during an emergency;
- g. Compiles cost figures for the conduct of emergency operations; and
- h. Attends training and workshops provided by the county and other sources to maintain proficiency and currency in emergency management and emergency response planning and procedures.

3. Public Information Officer (PIO) (External Affairs – ESF # 15)

- a. Develops and maintains the checklist for the Public Information function;
- b. Assists in the development, review and maintenance of the EOP;
- c. Responds to the EOC or the field, as needed;
- d. Coordinates all information released to the public or to the media with the County PIO/JIC(Joint Information Center);
- e. Coordinates public awareness information to the media before an incident and ensures accurate and timely information about response and recovery operations;
- f. Advises elected officials and the EMC about Public Information activities;
- g. Develops pre-scripted emergency announcements for use in the time of an emergency;
- h. Develops and disseminates public information / educational materials regarding emergency measures to be taken during an emergency including information regarding shelter-in-place, evacuation routes, locations of shelters, transportation pick-up-points, etc.;
- i. Interfaces with the PIO for the County and the State as applicable; and
- j. Operates as a part of the Joint Information Center (JIC) as established by the County, State or Federal officials.

B. Logistics Section

1. Public Works and Engineering Branch (ESF # 3):

- a. Assists in the development, review and maintenance of the EOP;
- b. Responds to the EOC or the field, as needed;
- c. Maintains a listing of Public Works assets and resources;
- d. Serves as a liaison between municipal Public Works and the EOC;
- e. Coordinates the assignment of Public Works resources;
- f. Provides information on water, sewerage, road construction and repair, engineering, building inspection and maintenance;
- g. Advises elected officials and the EMC about Public Works and Engineering activities; and
- h. Performs other responsibilities as assigned by the Section Chief.

Additional roles and responsibilities, according to the Emergency Support Functions format, may be found in Appendix C of this document. Those additional roles may be filled as needed depending on the nature of the emergency.

V. ADMINISTRATION AND LOGISTICS

A. Administration

1. Lower Gwynedd Township will submit situation reports, requests for assistance and damage assessment reports to the Montgomery County Department of Public Safety.
2. The Montgomery County Department of Public Safety will forward reports and requests for assistance to PEMA.
3. Lower Gwynedd Township and Montgomery County governments will utilize pre-established bookkeeping and accounting methods to track and maintain records of expenditures and obligations.
4. Narrative and written log-type records of response actions will be kept by Lower Gwynedd Township. The logs and records will form the basis for status reports to the Montgomery County Department of Public Safety and PEMA.
5. Lower Gwynedd Township will make reports to the Montgomery County Department of Public Safety by the most practical means and in a timely manner.
6. All written records, reports and other documents will follow the principles of NIMS.

B. Logistics - Coordination of unmet needs:

When municipal resources are committed and mutual aid is exhausted, the Montgomery County Department of Public Safety is available to coordinate assistance and satisfy unmet needs. Similarly, if the county requires additional assistance, it will call on mutual aid from adjacent counties, its Regional Task Force (RTF), or from the Pennsylvania Emergency Management Agency (PEMA). Ultimately, PEMA will turn to the Federal Emergency Management Agency (FEMA) for assistance in dealing with a major disaster or emergency.

VI. TRAINING AND EXERCISES

A. Training Authority

For training purposes and exercises, the EMC may activate this plan as required to evaluate and maintain the readiness posture of the municipality.

B. Exercise Requirements

To provide practical, controlled operations experience for those who have EOC responsibilities, the EMC should activate this plan at least every three years in the form of an emergency exercise.

C. Training Policy

1. Public Officials:

- a. **Response and Recovery Training:** Training programs will be provided to municipal officials, the emergency management coordinator, EOC staff and emergency services personnel (police, fire and EMS) on the procedures and policies for a coordinated response and recovery to a disaster emergency. Training programs are offered by the Pennsylvania Emergency Management Agency and coordinated by the Montgomery County Department of Public Safety.
- b. **Professional Development:** Training programs will be provided to the Township's emergency management staff in skills and techniques of writing plans, professional development skills, and national security issues related to municipal emergency preparedness. Training programs are offered by the Pennsylvania Emergency Management Agency and coordinated by the Montgomery County Department of Public Safety.
- c. **Damage Assessment and Reporting:** Annual training will be offered in damage reporting procedures, and in damage assessment for those who will work with county damage assessment teams. Training programs are offered by the Pennsylvania Emergency Management Agency and coordinated by the Montgomery County Department of Public Safety.

2. Emergency Services and Other Responding Agencies

Exercises, as indicated above, will be used as a training technique for public officials, county emergency staff, and emergency services personnel who are assigned emergency responsibilities in this plan. Township staff officers responsible for functional annexes are charged with ensuring skills training for personnel who implement the provisions of their respective annexes.

3. State and Federal Training

Township emergency management staff will participate in State and Federal training programs as prescribed internally and by PEMA.

VII. PLAN REQUIREMENTS, MAINTENANCE AND DISTRIBUTION

- A. **EMC Responsibilities:** The municipal EOP is the responsibility of the elected officials, but normally the EMC will coordinate development and maintenance of the plan. The plan components will be reviewed and updated by the EMC every two years or as needed. Some incident specific annexes require an annual review based upon legislation or regulation. Whenever portions of this plan are implemented in an emergency event or exercise, a review will be conducted to determine necessary changes.

- B. Enforceability: This plan is enforceable under the provisions of the Pennsylvania Emergency Management Services Code.
- C. Execution: This plan will be executed upon order of the Board of Supervisors or their authorized representatives, the Township Manager and/or Emergency Management Coordinator.
- D. Distribution: This plan and its supporting materials are controlled documents. While distribution of the “Basic Plan” is allowable, the Checklists, Notification and Resource Manual and some Incident Specific Plans contain specific response or personal information and are not considered to be available to the public. Distribution is based upon regulatory or functional “need to know”. Copies of this plan are distributed according to an approved control list. A record of distribution, by copy number, is maintained on file by the EMC. Controlled copies of revisions will be distributed to designated plan holders. Revisions or changes are documented by means of the “Record of Changes.” A receipt system will be used to verify the process.

APPENDIX A: AUTHORITY AND REFERENCES

1. The Pennsylvania Emergency Management Services Code 35 Pa. C.S. Section 7101-7707, as amended
2. Pennsylvania Emergency Management Agency, “Commonwealth of Pennsylvania Multi-Hazard Identification and Risk Assessment,” as amended
3. Commonwealth of Pennsylvania, Emergency Operations Plan, May 2005, with amendments
4. Pennsylvania Emergency Management Agency, Emergency Management Directive 2002-5, (Requirements for the Preparation, Review and update of municipal Emergency Operations Plans (EOPs) and accompanying Documents)
5. Montgomery County Emergency Operations Plan
6. Montgomery County Hazard Vulnerability Analysis
7. Montgomery County Hazard Mitigation Plan

APPENDIX B: DEFINITIONS AND GLOSSARY

1. Access Control Points (ACP) - Posts established primarily by State or municipal police and augmented as necessary by the National Guard on roads leading into a disaster area for the purpose of controlling entry during an emergency.
2. Activate - To start or place into action an activity or system.
3. Control - To exercise authority with the ability to influence actions, compel or hold in restraint. (For use in context with this document: (35 PA C.S.) as amended clarifies and strengthens the role of the Governor by granting him authority to issue executive orders and disaster proclamations which have the force and effect of law when dealing with emergency and disaster situations and controlling operations.)
4. Coordination - Arranging in order, activities of equal importance to harmonize in a common effort. (For use in context with this document: authorizing and/or providing for coordination of activities relating to emergency disaster prevention, preparedness, response and recovery by State, local governments and Federal agencies.)
5. Deploy - To move to the assigned location in order to start operations.
6. Direction - Providing authoritative guidance, supervision and management of activities/operations along a prescribed course to reach an attainable goal.
7. Disaster - A natural or human-caused event that has a large-scale adverse effect on individuals, the environment, the economy or property.
 - A. Human Caused Disaster - Any industrial, nuclear or transportation accident, explosion, conflagration, power failure, natural resource shortage or other condition, resulting from human causes, whether unintended or deliberate. This includes oil spills and other injurious environmental contamination, terrorism acts of vandalism or sabotage and civil unrest which threaten or cause substantial damage to property, human suffering, hardship or loss of life.
 - B. Natural Disaster - Any hurricane, tornado, storm, flood, high water, wind driven water, tidal wave, earthquake, landslide, mudslide, snowstorm, drought, fire, explosion or other catastrophe which results in substantial damage to property, hardship, suffering or possible loss of life.
8. Disaster Emergency - Those conditions which upon investigation may be found, actually or likely to:
 - A. Seriously affect the safety, health or welfare of a substantial number of citizens of the municipality or preclude the operation or use of essential public facilities.

- B. Be of such magnitude or severity as to render essential state supplementation of regional, county, and municipal efforts or resources exerted or utilized in alleviating the danger, damage, suffering, or hardship faced.
 - C. Have been caused by forces beyond the control of humans, by reason of civil disorder, riot, natural occurrence, terrorism, or disturbance, or by factors not foreseen and not known to exist when appropriation bills were enacted.
9. Emergency Alert System (EAS) - An automatic system where radio station operators voluntarily broadcast emergency information. The system can be activated by county, state or federal emergency management agencies or the national weather service.
 10. Emergency Management - The judicious planning, assignment and coordination of all available resources in an integrated program of prevention, preparedness, response and recovery for emergencies of all kinds.
 11. Emergency Services - The preparation for and the carrying out of functions, other than those for which military forces are primarily responsible, to prevent, minimize and provide emergency repair of injury and damage resulting from disaster, together with all other activities necessary or incidental to the preparation for and carrying out of those functions. The functions include, without limitation, firefighting services, police services, medical and health services, search, rescue, engineering, disaster warning services, communications, radiological, shelter, chemical and other special weapons defense, evacuation of persons from stricken areas, emergency welfare services, emergency transportation, emergency resources management, existing or properly assigned functions of plant protection, temporary restoration of public utility services and other functions related to civilian protection.
 12. Emergency Support Function (ESF) – A distinct function that may need to be performed during emergency response, but which is not necessarily dependent on the type of disaster or emergency that causes the need for the support function. ESFs define an organizational structure for the support, resources, program implementation, and services that are most likely to be needed to save lives, protect property and the environment, restore essential services and critical infrastructure, and help victims and communities return to normal. Use of ESFs allows for planning, training and organization to be made without consideration for the cause. This plan uses fifteen separate ESFs that are mirrored in the National Response Plan and the Pennsylvania State EOP.
 13. Explosive Ordnance Disposal (EOD) - An active U.S. Army organization tasked with the retrieval and disposal of military ordnance. Also available to assist civilian authorities in life threatening situations dealing with explosive devices when civilian explosive technicians or bomb squads are not available.
 14. External Affairs – Those emergency activities that deal with the general public and other entities outside the immediate disaster area. This includes public information and media relations activities.

15. Governor's Proclamation of "Disaster Emergency" – A formal declaration or proclamation by the Governor of Pennsylvania that a disaster has occurred or that the occurrence or the threat of a disaster is imminent. As part of this proclamation, the Governor may waive or set aside time-consuming procedures and formalities prescribed by state law (excepting mandatory constitutional requirements.) The state of disaster emergency continues until the Governor finds that the danger has passed and terminates it by executive order or proclamation, but no state of disaster emergency may continue for longer than 90 days unless renewed by the Governor.
16. Hazardous Materials (HAZMAT) - Any substance or material in a quantity or form which may be harmful or injurious to humans, domestic animals, wildlife, economic crops, or property when released into the environment. Hazardous materials are classified as chemical, biological, radiological, nuclear, or explosive.
17. Hazards Vulnerability Analysis (HVA) - A compilation of natural and human-caused hazards and their predictability, frequency, duration, intensity and risk to population and property.
18. Joint Information Center (JIC) - A facility established to coordinate all incident-related public information activities. It is the central point of contact for all news media at the scene of the incident. Public information officials from all participating agencies should co-locate at the JIC.
19. Local Emergency - The condition declared by the local governing body when, in its judgment, the threat or actual occurrence of a disaster requires focused local government action to prevent or alleviate the damage, loss, hardship or suffering threatened or caused. A local emergency arising wholly or substantially out of a resource shortage may be declared only by the Governor, upon petition of the local governing body.
20. Mass Care Centers - Fixed facilities that provide emergency lodging and essential social services for victims of disaster left temporarily homeless. Feeding may be done within a mass care center (in suitable dining facilities) or nearby.
21. Municipality - As defined in the Pennsylvania Constitution, "...a county, city, borough, incorporated town, township or similar unit of government..." (Article IX, Section 14, The Constitution of Pennsylvania).
22. National Incident Management System (NIMS) - A system developed by the federal Department of Homeland Security that provides a consistent, nationwide approach for emergency responders at all levels of government to work together effectively and efficiently. The NIMS includes a core set of concepts, principles and terminology, including ICS (Incident Command Systems), MACS (Multi-Agency Coordination Systems), Training, Identification and Management of Resources, Certification, and the Collection, Tracking and Reporting of incident information.
23. Notification - To make known or inform, to transmit emergency information and instructions: (1) to Emergency Management Agencies, staff and associated organizations;

(2) over the Emergency Alert System to the general public immediately after the sirens have been sounded.

24. Notification and Resource Manual (NARM) – One of the three major components of this plan, the NARM contains lists of personnel and equipment, contact information and other data that are most subject to change. Because of the personal and sensitive nature of its data, the NARM is NOT available to the public.
25. Operational - Capable of accepting mission assignments at an indicated location with partial staff and resources.
26. Political Subdivision - Any county, city, borough, township or incorporated town within the Commonwealth.
27. Presidential Proclamation of "Emergency" - Any occasion or instance for which, in the determination of the President, federal assistance is needed to supplement State and local efforts and capabilities to save lives and to protect property and public health and safety, or to lessen or avert the threat of a catastrophe in any part of the United States.

IMPORTANT NOTE - Before federal assistance can be rendered, the Governor must first determine that the situation is beyond the capabilities of the State and affected municipal governments and that federal assistance is necessary. As a prerequisite to Federal assistance, the Governor shall take appropriate action under law and direct execution of the State Emergency Operations Plan. The Governor's request for proclamation of a major disaster by the President may be accepted, downgraded to emergency or denied.

28. Presidential Proclamation of "Major Disaster" – “Major Disaster” means any natural catastrophe, or any fire, flood, or explosion, in any part of the United States, which in the determination of the President causes damage of sufficient severity and magnitude to warrant major disaster assistance to supplement the efforts and available resources of States, local governments, and disaster relief organizations in alleviating the damage, loss, hardship, or suffering caused thereby.
29. Protective Action - Any action taken to eliminate or avoid a hazard or eliminate, avoid, or reduce its risks.
30. Public Information Officer (PIO) - That member of the municipal staff or EOC who deals with the media, or who is responsible for informing the public. In this plan, the PIO is responsible for all external affairs activities (ESF # 15.) If no PIO is appointed, those responsibilities stay with the EOC manager.
31. Public Information Statements - Public announcements made by PEMA, county or local official spokespersons via newspapers, radio or television to explain government actions being taken to protect the public in the event of any public emergency. The purpose of the announcement is to provide accurate information, prevent panic and counteract misinformation and rumors.

32. Reception Center - A pre-designated site outside the disaster area through which evacuees needing mass care support will pass to obtain information and directions to mass care centers.
33. Re-entry - The return to the normal community dwelling and operating sites by families, individuals, governments, and businesses once the evacuated area has been declared safe for occupancy.
34. Resource Typing – A component of the National Incident Management System (NIMS) that standardizes definitions for human and equipment resources. These standardized definitions, certifications and training will allow resources from other parts of the U.S. to work together. Resources are assigned “Type” number that indicates the size/capacity of the resource i.e. a Type 1 Team will have more people and capabilities than a Type 2 or a Type 3 team.
35. Route Alerting - A supplement to siren systems accomplished by pre-designated teams traveling in vehicles along pre-assigned routes delivering an alert/warning message.
36. Special Needs – Individuals in the community with physical, mental, or medical care needs who may require assistance before, during, and/or after a disaster or emergency after exhausting their usual resources and support network.
37. Standby - To be ready to perform but waiting at home or other location for further instructions.
38. Support - To provide a means of maintenance or subsistence to keep the primary activity from failing under stress.
39. Traffic Control Points (TCP) - Posts established at critical road junctions for the purpose of controlling or limiting traffic. TCPs are used to control evacuation movement when an emergency situation requires it.
40. Unmet Needs - Capabilities and/or resources required to support emergency operations but neither available nor provided for at the respective levels of government.
41. Weather Warning - Severe weather is occurring or is about to occur.
42. Weather Watch - Conditions and ingredients exist to trigger severe weather.

APPENDIX C: ADDITIONAL EMERGENCY SUPPORT FUNCTIONS (ESF) AND RESPONSIBILITIES

A. COMMAND

1. **Safety Officer** - Monitors safety conditions and develops measures for assuring the safety of all assigned personnel.
2. **Liaison Officer** – Serves as the primary contact for supporting agencies assisting with the incident.

- B. OPERATIONS SECTION (EMC or as delegated):** Responsible for ensuring the accomplishment of responsibilities of all assigned branches. Section Chief may retain branch director responsibilities, or delegate them, depending on the situation and availability of personnel. Section Chief coordinates work assignments of the branch director(s) and reports to the EOC manager on the progress and status of assigned missions.

1. Communications Branch (ESF # 2):

- a. This function will likely be handled by the Public Information Officer, or a representative from Montgomery County.
- b. Develops and maintains the checklist for the Communications function;
- c. Assists in the development, review and maintenance of the EOP;
- d. Trains staff members on the operation of communications system;
- e. Ensures ability to communicate between the EOC, field operations and the Montgomery County Department of Public Safety;
- f. Assists with notification of citizens of the municipality;
- g. Responds to the EOC or the field, as needed;
- h. Advises elected officials and the EMC about Communications activities; and
- i. Performs other responsibilities as assigned by the Section Chief.

2. Firefighting Branch (ESF # 4):

- a. This function will likely be handled by a representative of one of the fire companies that serve the Township, or a representative from Montgomery County.
- b. Develops and maintains the checklist for the firefighting function;
- c. Assists in the development, review and maintenance of the EOP;
- d. Responds to the EOC or the field, as needed;
- e. Coordinates fire and rescue services;
- f. Assumes primary responsibility for route alerting of the public;
- g. Assists with evacuation of affected citizens, especially those who are institutionalized, immobilized or injured;
- h. Provides for emergency shutdown of light and power;
- i. Provides emergency lights and power generation;
- j. Assists in salvage operations and debris clearance;
- k. Advises elected officials and the EMC about fire and rescue activities; and
- l. Performs other responsibilities as assigned by the Section Chief.

3. Health/Medical Branch (ESF # 8):

- a. This function will likely be handled by a representative from Montgomery County.
- b. Develops and maintains the checklist for the Health/Medical Services function;
- c. Assists in the development, review and maintenance of the EOP;
- d. Responds to the EOC or the field, as needed;
- e. Maintains a listing of special needs residents, providing copies to municipal and county EMAs;
- f. Coordinates emergency medical activities within the municipality;
- g. Coordinates institutional needs for transportation if evacuation or relocation becomes necessary for hospitals, nursing homes, day care, personal care homes or any custodial care facilities;
- h. Coordinates medical services as needed to support shelter operations;
- i. Assists in search and rescue operations;

- j. Assists in mortuary services;
- k. Assists in provisions of inoculations for the prevention of disease;
- l. Advises elected officials and the EMC about Public Health/Medical Services activities;
- m. Coordinates the immunization of emergency workers;
- n. Refers transportation needs (Health Care, Special Needs) to the Logistics Officer;
- o. Coordinates and cooperates with appropriate entities and agencies regarding matters of public health including the reporting of communicable diseases and establishment of quarantine areas; and
- p. Performs other responsibilities as assigned by the Section Chief.

4. Search and Rescue Branch (ESF # 9):

- a. This function may be handled by the Lower Gwynedd Township Police Department, a representative from one of the fire companies that serve the Township, or a representative from the Montgomery County Urban Search and Rescue Team.
- b. Assists in the development, review and maintenance of the EOP;
- c. Responds to the EOC or the field, as needed;
- d. Coordinates search and rescue services;
- e. Advises elected officials and the EMC about search and rescue (S&R); and
- f. Performs other responsibilities as assigned by the Section Chief.

5. Oil and Hazardous Materials Response Branch (ESF # 10):

- a. This function will likely be handled by a representative from one of the fire companies that serves the Township or a representative from the Montgomery County Hazardous Materials Team.
- b. Assists in the development, review and maintenance of the EOP;
- c. Responds to the EOC or the field, as needed;
- d. Coordinates with the Hazardous Materials Team as appropriate;
- e. Coordinates decontamination and monitoring of affected citizens and emergency workers after exposure to chemical or radiological hazards;
- f. Advises elected officials and the EMC about HAZMAT activities; and
- g. Performs other responsibilities as assigned by the Section Chief.

6. Public Safety and Security Branch (ESF # 13):

- a. This function will likely be handled by the Lower Gwynedd Township Police Department.
- b. Develops and maintains the checklist for the Public Safety and Security function;
- c. Assists in the development, review and maintenance of the EOP;
- d. Responds to the EOC or the field, as needed;
- e. Coordinates security and law enforcement services;
- f. Establishes security and protection of critical facilities, including the EOC;
- g. Provides traffic and access control in and around affected areas;
- h. Assists with route alerting and notification of threatened population;

- i. Assists with the evacuation of affected citizens, especially those who are institutionalized, immobilized or injured;
- j. Assists in the installation of emergency signs and other traffic movement devices;
- k. Assists in search and rescue operations;
- l. Advises elected officials and the EMC about Public Safety and Security operations;
- m. Establishes and provides security services to any shelter locations operating in the municipality;
- n. Assists shelter operators with the screening of clients with regard to criminal history background checks including sex offenders;
- o. Establishes security patrols for any evacuated areas, conditions permitting;
- p. Cooperates with other law enforcement agencies regarding investigations, crime scene security, etc.; and
- q. Performs other responsibilities as assigned by the Section Chief.

C. **PLANNING SECTION (EMC or as delegated):** Responsible for ensuring the accomplishment of the Emergency Management branch responsibilities. Section Chief may retain branch director responsibilities, or delegate them, depending on the situation and availability of personnel. Section Chief coordinates work assignments to the branch director(s) and reports to the EOC manager on the progress and status of assigned missions.

1. Emergency Management Branch (ESF # 5):

- a. This function will likely be handled by the Emergency Management Coordinator or other Township staff.
- b. Collects, evaluates and provides information about the incident;
- c. Determines status and tracking of resources;
- d. Prepares and documents Incident Action Plans;
- e. Establishes information requirements and reporting schedules;
- f. Supervises preparation of an Incident Management Plan;
- g. Assembles information on alternative strategies ; and
- h. Performs other responsibilities as assigned by the Section Chief.

D. **LOGISTICS SECTION (EMC or as delegated):** Responsible for ensuring the accomplishment of responsibilities of all assigned branches. Section Chief may retain branch director responsibilities, or delegate them, depending on the situation and availability of personnel. Section Chief coordinates work assignments to the branch director(s) and reports to the EOC manager on the progress and status of assigned missions. Logistics Section also provides internal logistical support for the EOC itself.

1. Transportation Branch (ESF # 1):

- a. This function will likely be handled by a representative from Lower Gwynedd Public Works, a representative from Montgomery County, or a representative from PennDOT.
- b. Assists in the development, review and maintenance of the EOP;
- c. Responds to the EOC or the field, as needed;

- d. Maintains a listing of Transportation Resources and contact information including capacities in the Municipality;
- e. Coordinates the supply of transportation resources during an emergency;
- f. Advises elected officials and the EMC about Transportation activities; and
- g. Performs other responsibilities as assigned by the Section Chief.

2. Mass Care, Housing and Human Services Branch (ESF # 6):

- a. This function will likely be handled by a representative from Montgomery County or the American Red Cross.
- b. Assists in the development, review and maintenance of the EOP;
- c. Responds to the EOC or the field, as needed;
- d. Assists the Montgomery County Department of Public Safety (ESF # 6) in maintaining a listing of Mass Care – Shelter facilities including capacities;
- e. Coordinates with American Red Cross and other appropriate agencies;
- f. Requests Mass Care – Shelter support from the County during an emergency;
- g. Coordinates with ESF # 1 (Transportation) and ESF # 7 (Resource Management) regarding evacuation issues;
- h. Advises elected officials and the EMC about Mass Care, Evacuation and Shelter activities; and
- i. Performs other responsibilities as assigned by the Section Chief.

3. Resource Support Branch (ESF # 7):

- a. This function will likely be handled by the Emergency Management Coordinator or a representative from Montgomery County.
- b. Coordinates materials, services and facilities in support of the emergency;
- c. Develops procedures for rapidly ordering supplies and equipment and tracking their delivery and use;
- d. Participates in the preparation of the Incident Management Plan;
- e. Facilitates the acquisition of supplies for emergency workers including food, water, and basic necessities;
- f. Facilitates the acquisition, as requested, of supplies of food, water, and necessities for shelter operators;
- g. Obtains, tracks and coordinates transportation resources (buses, vans, additional ambulances, trucks, etc.);
- h. Establishes staging areas for supplies and transportation resources;
- i. Obtains supplies and coordinates the dissemination of emergency fuel supplies for emergency vehicles, critical facilities and evacuees as appropriate; and
- j. Performs other responsibilities as assigned by the Section Chief.

4. Agriculture and Natural Resources Branch (ESF # 11):

- a. This function will likely be handled by a representative from Montgomery County.
- b. Assists in the development, review and maintenance of the EOP;

- c. Responds to the EOC or the field, as needed;
- d. Maintains a listing of food and animal care and control assets;
- e. Serves as a liaison between the EOC and the food community;
- f. Coordinates the dissemination of information to the food and animal care and control community;
- g. Advises elected officials and the EMC regarding agricultural and animal care and control issues;
- h. Coordinates local animal shelter activities with county ESF 11 Officer and County Animal Response Team liaison; and
- i. Performs other responsibilities as assigned by the Section Chief.

5. Energy Branch (ESF # 12):

- a. This function will likely be handled by a Montgomery County or PECO representative.
- b. Assists in the development, review and maintenance of the EOP;
- c. Responds to the EOC or the field, as needed;
- d. Maintains a listing of energy and utility assets;
- e. Serves as a liaison between the EOC and the energy / utilities;
- f. Coordinates the dissemination of information to the energy / utilities;
- g. Advises elected officials and the EMC regarding energy / utility issues; and
- h. Performs other responsibilities as assigned by the Section Chief.

E. FINANCE AND ADMINISTRATION SECTION (EMC, elected officials and/or as delegated): Responsible for ensuring the accomplishment of responsibilities of Long-Term Recovery and Mitigation Branch. Section Chief may retain branch director responsibilities, or delegate them, depending on the situation and availability of personnel. Section Chief coordinates work assignments of the branch director(s) and reports to the EOC manager on the progress and status of assigned missions. Section also maintains finance and personnel records of response activities.

1. Long Term Community Recovery and Mitigation Branch (ESF # 14):

- a. This function will likely be handled by Township staff.
- b. Maintains oversight of all financial and cost analysis activities associated with the emergency;
- c. Tracks costs and personnel time records;
- d. Coordinates the conduct of damage assessment and reporting to the Montgomery County Department of Public Safety;
- e. Starts planning for recovery of vital community functions; and
- f. Performs other responsibilities as assigned by the Section Chief.

APPENDIX D: SAMPLE DECLARATION OF DISASTER EMERGENCY

WHEREAS, on or about _____ a (disaster type) has caused or threatens to cause injury, damage, and suffering to the persons and property of Lower Gwynedd Township; and

WHEREAS, the (disaster) has endangered the health, safety and welfare of a substantial number of persons residing and working in Lower Gwynedd Township, and threatens to create problems greater in scope than Lower Gwynedd Township may be able to resolve; and

WHEREAS, emergency management measures are required to reduce the severity of this disaster and to protect the health, safety and welfare of affected residents in Lower Gwynedd Township:

NOW, THEREFORE, we, the undersigned Supervisors of Lower Gwynedd Township, pursuant to the provisions of Section 7501 of the Pennsylvania Emergency Management Services Code, (35 Pa.C.S., Section 7501), as amended, do hereby proclaim the existence of a disaster emergency in Lower Gwynedd Township.

FURTHER, we direct the Lower Gwynedd Township Manager and Emergency Management Coordinator to coordinate the activities of the emergency response, to take all appropriate action needed to alleviate the effects of this disaster, to aid in the restoration of essential public services, and to take any other emergency response action deemed necessary to respond to this emergency.

STILL FURTHER, we authorize officials of Lower Gwynedd Township to act as necessary to meet the current demands of this emergency, namely: by the employment of temporary workers, by the rental of equipment, by the purchase of supplies and materials, and by entering into such contracts and agreements for the performance of public work as may be required to meet the emergency, all without regard to those time-consuming procedures and formalities normally prescribed by law, mandatory constitutional requirements excepted.

This Resolution shall take effect immediately.

RESOLUTION # 2024-16

**A RESOLUTION ALLOWING FOR THE APPROVAL AND ADOPTION OF THE
LOWER GWYNEDD TOWNSHIP EMERGENCY OPERATIONS PLAN**

THIS RESOLUTION is approved and adopted by the Lower Gwynedd Township Board of Supervisors, Montgomery County, Pennsylvania, on the date hereinafter set forth.

WHEREAS, Lower Gwynedd Township has prepared an Emergency Operations Plan in order to reduce the potential effects of a major emergency or disaster and to protect the health, safety, and welfare of the citizens of Lower Gwynedd Township; and

WHEREAS, Section 7503 of the Pennsylvania Emergency Management Services Code, 35 Pa. C.S. Section 7101 *et seq.*, mandates that Lower Gwynedd Township prepare, maintain, and keep current an Emergency Operations Plan for the prevention and minimization of injury and damage by a major emergency and disaster within Lower Gwynedd Township; and

WHEREAS, in response to the mandate stated above, Lower Gwynedd Township has prepared an Emergency Operations Plan to provide prompt and effective emergency response procedures to be followed in the event of a major emergency or disaster;

NOW THEREFORE, the Supervisors of Lower Gwynedd Township do hereby approve, adopt, and place into immediate effect the Emergency Operations Plan of Lower Gwynedd Township. This Plan shall be reviewed every two (2) years to ensure conformity with the requirements of the Montgomery County Emergency Operations Guideline. **THIS PLAN SHALL SUPERSEDE ALL PREVIOUS EMERGENCY OPERATIONS PLANS.**

ADOPTED as a Resolution of the Lower Gwynedd Township Board of Supervisors this _____ day of _____, 2024.

Finance Memorandum

Date: April 22, 2024
To: Mimi Gleason, Township Manager
From: Melinda Haldeman, CPA Finance Director 

RE: March 2024 LGT Financial Packet:
❖ Fund and Cash Balances as of March 31, 2024
❖ YTD Budget Report with Prior Years Actuals thru March 31, 2024

The following are items I wish to bring to your attention:

- The Fund and Cash Balances Report for March 31, 2024, lists the Opening Fund Balance as of January 1, 2024. The 2023-year end is now complete. All audit adjustments for 2023 have been made and the beginning fund balances for 2024 are final.
- All cash account reconciliations are current through March 31, 2024
- Sewer Account Receivable is reconciled through March 31, 2024
- All ARPA monies must be obligated by December 31, 2024, and paid out as of December 31, 2026. The current amount left to spend as of March 31, 2024, is \$301,575.38
- The State Aid for Liquid Fuels was received April 14, 2024, in the amount of \$368,213.97. This amount is \$653 less than 2023.
- The Street Light, Fire Protection, Fire Hydrant, and Recreation Fund are partially funded through real estate taxes. The Real Estate Tax bills were mailed out in March. The slight increase or decrease through March shown on the "Fund and Cash Balance Report" is timing and will smooth through the year.
- As noted in last month's memo, an unbudgeted transfer was made from the General Fund into the Capital Reserve Fund. (The monies transferred consisted of Administrative Fees Charged for invoices paid on behalf of Escrows Owners.) This transfer is an expense on the General Fund which explains the decrease in Fund Balance on the "Fund and Cash Balance Report" for

March. The corresponding Transfer to the Capital Reserve Fund is income and explains the increase in the Fund Balance in the same report. Without the transfer out, the General Fund would have shown an increase of \$345,018 and the Capital Reserve Fund Balance would have shown a decrease of \$192,267.

MEMORANDUM

ATTN: Board of Supervisors

DATE: Friday, April 26, 2024

FROM: Jamie P. Worman, Assistant Township Manager

Jamie Worman

SUBJ: Proposed Driveway Ordinance-Authorization to Advertise

Township Staff is proposing an ordinance to amend the Lower Gwynedd Township Code creating a new chapter that establishes permitting requirements, construction standards, roadway drainage requirements, maintenance, restoration, repair, and other regulations pertaining to driveways, sidewalks, and streets. A specific set of specifications developed by the Township Engineer will be adopted by resolution of the Board of Supervisors in conjunction with this ordinance. The proposed ordinance is attached to this memo for your review. ***At this time, staff is requesting authorization to begin the ordinance amendment process and public review period. A public hearing for consideration by the BOS will be scheduled for May 14th.***

LOWER GWYNEDD TOWNSHIP
MONTGOMERY COUNTY, PENNSYLVANIA
BOARD OF SUPERVISORS

ORDINANCE NO. _____

AN ORDINANCE TO AMEND THE CODE OF THE TOWNSHIP OF LOWER GWYNEDD TOWNSHIP, BY REPLACING PART TEN, TITLE FOUR, CHAPTER 1044, WITH A NEW CHAPTER 1044, AND FURTHER AMENDING PART TEN, TITLE FOUR, TO ESTABLISH STANDARDS FOR THE CONSTRUCTION, MAINTENANCE, RESTORATION AND REPAIR OF ROADS, DRIVEWAYS, SIDEWALKS AND STREETS.

WHEREAS, § 1506 of the Second Class Township Code, Act of May 1, 1993, P. L. 103, No. 69, as amended by the Act of November 9, 1995, P. L. 350, No. 60, found at 53 P. S. § 66506, entitled "General Powers," authorizes the Lower Gwynedd Township Board of Supervisors ("**Board**") to make and adopt ordinances necessary for the proper management, care and control of Lower Gwynedd Township (the "**Township**"), and the maintenance of the health and welfare of the Township and its citizens; and

WHEREAS, § 1527 of the Second Class Township Code, found at 53 P. S. § 66527, entitled "Public Safety", *inter alia*, authorizes the Board to adopt ordinances to secure the safety of persons or property within the Township; and

NOW, THEREFORE, BE IT ORDAINED AND ENACTED by the Board of Supervisors of Lower Gwynedd Township, and it is hereby ordained and enacted by the authority of the same, to wit:

SECTION ONE. The Lower Gwynedd Township Code (the "**Code**"), Part Ten, Title Four: Street and Sidewalk Areas, Chapter 1044, entitled "Driveways," shall be amended by deleting the entirety of Chapter 1044 and substituting in its place the following:

*§ 1044.01. **Short Title.** This Part will be known and hereinafter referred to as the "Lower Gwynedd Township Driveway Ordinance."*

*§ 1044.02. **Definitions.** For the purposes of this Part, the following, terms shall have meanings ascribed thereto as follows:*

***APPLICANT.** An applicant for a Permit.*

***BOARD.** The Board of Supervisors of Lower Gwynedd Township or its designated representative(s).*

CONTRACTOR. *The party, person firm, partnership, and/or corporation who or which installs a driveway, including all agents, officers, or employees of said party, person, firm, partnership and/or corporation.*

DRIVEWAY. *Any area of land designated or to be used as a means of ingress and/or egress for either vehicles and/or pedestrian traffic from a public road to a piece, parcel, or tract of land.*

OWNER. *The owner of the tract of land upon which the driveway is located.*

PENNDOT. *The Department of Transportation of the Commonwealth of Pennsylvania and any successor agency.*

PERMIT. *A permit issued by the Township to signify approval of the driveway connection.*

PERSON. *Any individual or individuals, partnership, company, association, society, corporation or other group or entity.*

PUBLIC ROAD. *Any road, street, alley, or public thoroughfare whether actually maintained by the Township as part of its road system or whether shown on a subdivision or land development plan and intended to be offered or dedicated to the Township in the future as part of its road system.*

REPAIR. *The demolition or removal of a portion of an existing curb or sidewalk and relaying the same with new material.*

RIGHT-OF-WAY. *The total width, including the cartway, of a road.*

SALDO. *The Lower Gwynedd Township Subdivision and Land Development Ordinance of 1976, as amended.*

TOWNSHIP. *The Township of Lower Gwynedd, Montgomery County, Pennsylvania.*

§ 1044.03. Permit Required.

A. *No person, owner and/or contractor shall hereafter install, initiate any work, or allow the installation or initiation of any work toward the installation of a driveway without first obtaining a permit from the Township.*

B. Any driveway intersecting with a state-owned road shall require a driveway permit from PENNDOT.

C. Any driveway intersecting with a county-owned road shall require a driveway permit from Montgomery County.

§ 1044.04. Construction Standards.

A. All driveways shall be constructed in conformance with the following standards:

(1) Residential Driveways. A minimum of eight inch (8") stone base course and a two and one-half inch (2½") bituminous course or equal paving approved by the Township.

(2) High Density Residential, Commercial and Industrial Driveways. A minimum of four inches (4") 2A modified aggregate, and six inches reinforced concrete; or a minimum of eight inches (6") 2A modified aggregate plus four and one-half inches (4.5") "base course", plus one and one-half inches (1½") "Superpave," 9.5mm Superpave wearing course top.

(3) Stone Driveways. Consisting of a minimum of six inches (6") of 2A or 2RC modified aggregate are permitted, for low density residential driveways, providing that first fifteen feet (15') measured from edge of the paved cartway of the public road is constructed to standards in Subsection A(1) above for the required type of driveway.

B. For any residential corner property fronting on an arterial or collector street, there shall be a minimum distance of one hundred feet (100') feet between the centerline of the driveway and the edge of the cartway of the street intersection. Such minimum distance shall be increased to two hundred feet (200') for a nonresidential or multi-family corner property.

C. For any corner property fronting on a local street, there shall be a minimum distance of forty feet (40') between the centerline of the driveway and the edge of the cartway of the street intersection.

D. The sight distance for all driveways shall comply with the requirements for state highways prescribed by PENNDOT as codified at 67 Pa. Code § 441.8, and amendments and addenda thereto.

E. To ensure adequate visibility, the entire frontage of the lot shall be graded to a slope of two percent (2%) to the right-of-way line.

F. Driveways shall have a minimum width of ten feet (10') for single-family dwellings and sixteen feet (16') for shared driveways; however, in any case, the maximum width shall not exceed twenty-four feet (24'). For non-residential driveways, minimum widths and turning radii shall be provided in accordance with PENNDOT standards; provided, however, that the Township may require greater widths based upon expected traffic volumes, expected vehicle sizes and/or the addition of turning lanes. Median islands shall be provided as determined by the Township.

G. All driveways shall be separated from any property line by a planting strip of not less than three feet (3') in width and from all fire hydrants a distance of five feet (5').

H. Driveway profiles shall conform to the slope guidelines in accordance with PENNDOT criteria.

I. In any zoning district permitting residential use, driveway access onto a major roadway shall be prohibited, unless frontage does not exist to a street of lesser classification. If a property has more than one street frontage, access shall be taken to the lower classification of street or road. Section 1230.39(d) of SALDO shall also be applicable to driveways.

J. Driveways shall be protected with a clear sight triangle. Two (2) apexes of the triangle shall be located in both directions along the street centerline, seventy-five feet (75') from a point where the centerline of a driveway and the street intersect. The vertex of the triangle shall be located along the centerline of the driveway and five feet (5') from the property or street right of way. No permanent obstructions and/or plant materials over three (3) feet in height shall be placed within the clear sight triangle.

§ 1044.05. Roadway Drainage.

A. All driveways shall be constructed in a manner that will not impede or divert the normal flow of surface drainage. At the point where any driveway adjoins a public road the driveway shall have the same degree of slope as the existing shoulder and in no case less than one inch (1") per foot of drop, with the low point in line with the existing gutter line. Drainage pipes shall not be used in connection with the construction of any driveway unless prior written approval is obtained from the Township.

B. The Township may require that stormwater runoff calculations be submitted in order to determine the amount of additional stormwater that will be discharged onto a public road. If the Township determines that the additional stormwater runoff will create an adverse condition for existing facilities, the Township may refuse a permit until appropriate measures are taken to eliminate such adverse condition.

C. All driveways shall be constructed in a manner which shall prevent mud, stones, and other debris from being deposited on the right of way of any public road.

§ 1044.06. Number of Driveways Per Lot.

A. Each lot improved with a residence shall have no more than one (1) driveway. A “horseshoe” driveway configuration on a single-family residential lot shall constitute one (1) driveway. Each lot improved with a non-residential use, including multi-family use, shall have no more than two (2) driveways. If a property has more than one frontage, access must be taken to the street or road of lower classification.

B. The Board may require the use of shared driveways, where possible, to minimize access points along existing and proposed roadways and access drives.

§ 1044.07. Application, Plan and Approval Procedures.

A. Any person, owner and/or contractor shall, prior to obtaining a driveway permit, file an application, on an application form supplied by the Township, reflecting and showing the location of the driveway relative to the premises and designating the course, grade, structure, materials, and drainage facilities, if any, involved in the construction of the driveway.

B. The Township shall review the application and shall determine if the proposed method of constructing or making said connection, as reflected on the application, will:

(1) minimize the adverse impact of stormwater runoff or surface drainage resulting from said connection;

(2) not cause damage to the road to which the driveway is to be connected; and

(3) *not create or increase hazardous driving conditions for those persons using the road to which the driveway is to be connected.*

C. If found satisfactory by the Township, the permit will be issued or caused to be issued by Township Staff. If the plan is found deficient, or if in the opinion of the Township the plan could be improved so as to:

(1) *minimize the adverse effect of stormwater runoff;*

(2) *lessen drainage to the public road to which the driveway is connected; or*

(3) *lessen hazardous driving conditions on the road to which the driveway is to be connected (including provisions for a clear sight triangle), the Township shall, by written communication, notify the applicant of the changes to be made. The applicant shall immediately make such changes and return the revised plan to the Township. When such plan is in acceptable form and approved by the Township, the permit will be issued.*

§ 1044.08. Dedication of Roads to the Township. *All driveways along private roads, including roads in new subdivisions, shall conform to this Chapter before the Township will accept dedication of the road as a public road of the Township.*

§ 1044.09. Fees and Costs for Processing Application. *Such fees shall accompany the application as the Board shall prescribe from time to time, and shall be accompanied by an inspection escrow, if deemed necessary by the Township.*

§ 1044.10. Notification and Inspection Prior to Paving. *All construction in any way incidental to the installation of the driveway shall be performed in strict conformance with the approved plans. After the proposed driveway has been stoned in, but before the driveway has been blacktopped, the person to whom the permit has been issued shall notify the Township. The driveway shall not be blacktopped until the stoned-in area has been inspected and approved by the Township or its designated representative.*

*§ 1044.11. **Penalties.** Any owner, person and/or contractor who or which shall violate any of the provisions of this Part shall, upon conviction thereof in an action brought before a magisterial district judge in the manner provided for the enforcement of summary offenses under the Pennsylvania Rules of Criminal Procedure, shall be sentenced to pay a fine of not more than One Thousand Dollars (\$1,000.00) plus costs and, in default of payment of said fine and costs, to a term of imprisonment not to exceed ninety (90) days. Each day that a violation of this Part continues or each section of this Part which shall be found to have been violated shall constitute a separate offense. All fines collected for the violation of this Part shall be paid to the Treasurer of the Township and may be used in any manner by the Township.*

SECTION TWO. The Lower Gwynedd Township Code, Part Ten, Title Four: Street and Sidewalk Areas, shall be amended by adding a new Chapter 1045, entitled “Sidewalk and Curb Construction and Repair,” to read as follows:

*§ 1045.01. **Authority to lay out and establish location of sidewalks and curbs.** The Township Board of Supervisors shall, by resolution, from time to time lay out and establish the location for sidewalks and/or curbs along cartways of the streets in the Township as it shall deem advisable in the furtherance of the general welfare of the Township.*

*§ 1045.02. **Construction and repair required.** The Township may require owners of property abutting on any street, including state highways, to construct, pave, repave, and repair the sidewalk, curb, and gutter along such property, at such grades and under such regulations as may be prescribed by the Township Engineer.*

*§ 1045.03. **Conformity to line and grade.** All sidewalks, curbs and gutters shall be constructed, paved, repaved, or repaired, upon the line and grade obtained by the property owner from the Township Engineer.*

*§ 1045.04. **Notice to do work.** Notice to construct, pave, repave and repair sidewalks, curbs or gutters shall be given by registered or certified mail to abutting property owners, and such owners shall have thirty (30) days to comply with said notice in conformity with any construction specifications prescribed by the Township Engineer.*

*§ 1045.05. **Inspection.** At any time during the performance of the required work, the Township Engineer may inspect the work to determine whether construction specifications are being observed.*

§ 1045.06. Township may do work and collect costs. Upon the failure of any property owner to construct, pave, repave or maintain any sidewalk, curb, or gutter in compliance with notice to do so, the Township may do the same or cause the same to be done, and may levy the cost of its work on such owner as a property lien to be collected in the manner provided by law.

§ 1045.07. Emergency repairs. Where in the opinion of the Township Engineer a dangerous condition exists that can be repaired by an expenditure of Five Hundred Dollars (\$500) or less, the Township shall send such property owner notice by registered or certified mail stating emergency repairs are required. Upon failure of such owner to comply with the notice within forty-eight (48) hours after receiving it, the Township may make emergency repairs, and levy cost of its work on such owner as a property lien to be collected in the manner provided by law.

§ 1045.08. Duty to keep sidewalks, curbs, and gutters in good repair. Every owner of property within Lower Gwynedd Township shall at all times keep in good repair all sidewalks, curbs and gutter abutting said property. Every property owner shall keep the street, sidewalk, curb, and gutter on his or her property free of vegetation growth.

§ 1045.09. Construction and repair by owner without notice from Township. Any property owner, upon his own initiative and without notice from any Township authority, may construct, reconstruct or repair a sidewalk and/or curb in front of or along his property; provided, such owner shall first make application to the Township Manager and shall conform to the requirements of this article as to line and grade and shall also conform to any specifications for sidewalk repair and construction adopted by resolution of the Township Board of Supervisors, including, but not limited to those set forth in Chapter 1230, Subdivision and Land Development. Said property owner shall, within two (2) days after completion of the work, notify the Township Manager.

SECTION THREE. The Lower Gwynedd Township Code, Part Ten, Title Four: Street and Sidewalk Areas, shall be amended by adding the following new sections to Chapter 1040, entitled “Streets,” to read as follows:

§ 1040.03. Restrictions for street surfaces less than five years old. No permit shall be issued which would allow any excavation or opening in a paved and improved street surface, or in the right-of-way adjacent to the street surface, if such activity in the right-of-way would impair the street surface, of any paved and improved street surface that is less than five (5) years old. In the event the Township does issue a permit, the applicant shall agree to the Township Road Restoration Standard set forth in § 1040.04.

§ 1040.04. Restoration Work Performed. All restoration work shall be performed in accordance with any specifications for roadway restoration adopted by resolution of the Township Board of Supervisors, including, but not limited to those set forth in Chapter 1230, Subdivision and Land Development. Township specifications.

SECTION FOUR. Nothing in this Ordinance or in the Code of the Township of Lower Gwynedd, as hereby amended, shall be construed to affect any suit or proceedings in any Court, any rights acquired or liability incurred, any permit issued, or any cause of causes of action existing prior to the adoption of this Ordinance.

SECTION FIVE. All parts and provisions of Chapter Ten, Title Four not specifically affected by the above amendments and modifications, shall remain in full force and effect.

SECTION SIX. The provisions of this Ordinance are severable, and if any section, sentence, clause, part, or provision thereof shall be held illegal, invalid, or unconstitutional by any Court of competent jurisdiction, such decision of this court shall not affect or impair the remaining sections, sentences, clauses, parts, or provisions of this ordinance. It is hereby declared to be the intent of the Board of Supervisors that this Ordinance would have been adopted if such illegal, invalid, or unconstitutional section, sentence, clause, part, or provision had not been included herein.

SECTION SEVEN. This Ordinance shall take affect and be in force from and after its approval as required by law.

ENACTED AND ORDAINED BY THE LOWER GWYNEDD TOWNSHIP BOARD OF SUPERVISORS this _____ day of _____, 2024.

LOWER GWYNEDD TOWNSHIP PROJECT STATUS REPORT April 2024

DESIGN PROJECTS

SPRING HOUSE INTERSECTION PROJECT – PHASE 2

- Board of Supervisors approved contract extension on 1/23/2024 through 8/28/2024.
- Bowman has reiterated to the contractor that the project must be completed prior to the start of the 2024-2025 school year, which is August 26, 2024.
- Mast arm pole installation started November 2023. Installation completed for traffic signal mast arm pole on southwest corner of intersection and lane control mast arm pole on Norristown Road. Additional mast arm pole installation required as project progresses.
- Utility pole relocations have been completed enough for contractor to progress work without interruption.
- NWWA completed fire hydrant relocation.
- All underground utilities for the project have been relocated.
- All proposed underground stormwater systems have been installed; pipe replacement of 42" CMP on Sumneytown Pike is scheduled to begin at the end of the week of 4/29/2024.
- Roadway excavation along the north side of Sumneytown Pike and Norristown Road scheduled for completion on 4/29/2024.
- Removal of old culvert structure ongoing.
- Traffic signal underground conduit installation ongoing.
- Curb installation on north side of Sumneytown Pike and Norristown Road scheduled to begin week of 4/29/2024.
- Bowman and Armour evaluating potential temporary traffic signal controller adjustments to be implemented during construction.
- Bowman preparing project improvements aerial exhibit for display on township website.
- Next construction progress meeting scheduled for 5/16/2024.

TRAFFIC SIGNAL PROJECTS

PENLLYN PIKE AND TREWELLYN AVENUE/OLD PENLLYN PIKE TRAFFIC SIGNAL UPGRADES

- Traffic signal modernization improvement project.
- DCED LSA – Statewide grant application submitted 11/30/2023.

WELSH ROAD TRAFFIC SIGNAL UPGRADES

- Traffic signal upgrades for the intersections with Evans Road and Darden Drive/Gwynedd Crossing.
- PennDOT Green Light Go (GLG) grant application submitted 2/29/2024.
