

# What's going on here??

# PLEASE DO NOT DISTURB!!

*These trees have been banded with sticky tape to trap Spotted Lanternfly nymphs, an invasive insect that has spread throughout Pennsylvania since its discovery in Berks County in 2014. They are damaging to many plants and trees, and we all need to do our part to help limit their spread.*

To learn more about Spotted Lanternfly identification and control please visit the LG Township Environmental Advisory Council webpage at <https://bit.ly/LGT-EAC>.
