Re: 2025 Proposed Budget Presented

Recommended Motion: To advertise the 2025 Preliminary Budget as amended at this meeting.

At the November 12th Board Meeting staff will present an overview of the 2025 Proposed Budget.

Items to note:

- ❖ The 2025 Budget for Operating Funds has an overall Surplus of \$929,631 before Discretionary Transfers to other Funds. Transfers for Debt and Retirement Plans are not considered discretionary and therefore are included in expenses which net to the above Surplus.
 - The 2025 Budget includes a discretionary transfer to the Fire Protection Fund for \$165,000. This is the same amount as in prior years.
 - The 2025 Budget also includes a \$500,000 discretionary transfer to the Capital Reserve Fund.
- ❖ 2025 Budget includes Debt Service for the proposed Bond Issuance. 75% coming out of the General Fund and 25% coming out of the Sewer Operating Fund. Total Debt Service budgeted for 2025 is \$371,123.
- ❖ The Street Light Fund captures the Assessment for Street Lights in specific neighborhoods. Two of the Neighborhood Districts we are proposing to be removed from the Street Light Fund. Utility bills for those streets would be paid out of the General Fund. Assessment Billing would stop for those streets' lights.
- ❖ Park Maintenance has been moved out of the Recreation Fund and is now in the General Fund in the Public Works Department. We are proposing part of the millage rate be lowered for the Recreation Fund and put in the General Fund, as the Park Maintenance expenses will be paid by the General Fund. The 2025 proposed budget has moved 160k of Real Estate Tax Revenue from Recreation Fund into the General Fund Real Estate Tax Revenue to cover these expenses. There would be no change in the amount of tax that property owners pay.
- ❖ Technology purchases have been moved out of the Capital Reserve Fund. Technology has become an ongoing steady cost and is no longer large one-off hardware expenses that occur inconsistently. As such, Software, maintenance and replacement of hardware is in the General Fund and allocated to specific department's Technology account.
